

READY FOR PHILMONT TRIP—Scouts of Troup 143 are checking their packs for the trip to Philmont Scout Ranch. Here, Dwain Miller, second from right, checks his pack as Scoutmaster Sammie Ferguson reads out the check list. Other Scouts making the trip are from left, Tim Hawkins, Britt Cary, Joe D. Smith, Harold Pruitt and Ricky Dockins. The group left here by bus Wednesday morning and will return Aug. 13.

Local Scouts Leave On Trip to Scout Ranch In New Mexico

Six local Scouts and Scoutmaster Sammie Ferguson left early Wednesday morning for a high-adventure trip to the mountains of Philmont Scout Ranch and Explorer Base in northeastern New Mexico.

The Scouts are Dwain Miller, son of Mr. and Mrs. Clarence Miller, Tim Hawkins, son of Mr. and Mrs. W. A. Hawkins, Britt Cary, son of Mr. and Mrs. James Josey, Harold Pruitt, son of Mr. and Mrs. George Pruitt, Joe D. Smith, son of Mr. and

Mrs. Skipper Smith and Ricky Dockins, son of Mr. and Mrs. Virgil Dockins.

The expedition, representing Chisholm Trail Council, Boy Scouts of America, will consist of 30 boys and three leaders from Abilene and the surrounding area. The Hamlin boys will be joined by two Abilene Scouts to make up the group under the leadership of Scoutmaster Ferguson.

The boys are traveling by bus. They were picked up here at 7:45 Wednesday

morning. Enroute to the 214-square mile ranch, the boys will visit Baldy Mountain.

Activities will include horseback riding, fishing, mountain climbing, ranger training, dutch oven cooking and an international camp fire.

When they arrive at the ranch the boys will meet their ranger who will lead and train them on the trails for the first three days of their wilderness trek. Each boy will have a pack weighing 35 pounds which includes his

food for the 65-mile trek.

On the Philmont trails the Scouts will participate in various programs offered in many mountain camps by more than 400 trained staff members. These include earth science, gold panning, rock climbing, archaeological study and digging and burro packing.

Arriving home Aug. 13 the boys will be counted among the 275,000 other Scouts who have met the rugged Philmont challenge.

FOR \$1,825,000 BUILDING PROGRAM—

Board Makes Plans for \$1,325,000 Bond Election

The Hamlin School Board, meeting in special session here Monday evening, gave tentative approval to a building program estimated to cost \$1,825,000 and is expected to call a bond election in September for \$1,325,000.

The building program would include a new middle school (junior high school) complete with a physical education plant and a vocational education facility, a 900-plus seat auditorium

which would include a new band hall to serve both the new middle school and the high school, air conditioning of the three older buildings (elementary, reading center and primary), converting the high school patio into a resource center, and a track field.

The new middle school would be located on the property now being used for the Little League Ballpark. This property is owned by the District. The auditorium would be located between the high school and the new school building to serve both units.

Tommie J. Huckabee with the Andrews based architectural firm of Rihard and Huckabee presented the board with plans for the new facilities and cost estimates at the meeting here Monday evening. His plans were based on the needs of the district as outlined by Andy Anderson of the Texas Education Agency, local school administrators, board members and teachers.

The need for the building program was brought about by the fire in March that destroyed the junior high building and the auditorium.

The district collected nearly \$500,000 in insurance which would be used to make up the difference between the project cost of \$1,825,000 and the \$1,325,000 in bonds to be voted on by the district's voters.

George B. Buescher, financial consultant for the district, told the board that it would take approximately 40 cents more per \$100 assessed valuation to service the new bonds.

The complete new middle school complex is estimated to cost about \$1,050,000, the auditorium and band hall is expected to cost about \$550,000, the air conditioning of the three existing buildings is expected to cost about \$100,000, the remodeling of the high school will run about \$50,000 and the new track facility would be about \$75,000.

The present high school band hall would either be used for an additional classroom for the high school or for business offices.

The board moved the date of its next regular meeting from Aug. 11 to Aug. 18 and is expected to call the bond election at that time. The election is expected to be

called for Sept. 11. The board also changed the date for the budget hearing for the coming year to the Aug. 18 date.

All qualified voters residing within the school district will be eligible to vote in the expected bond election. Anyone not registered to vote has until Aug. 11 to register. Voters must register 30 days prior to an election to be eligible to vote.

At the present time school officials are making plans to house the sixth and seventh grade students in the Reading center and will put the eighth grade students in with the high school students. These crowded conditions are expected to continue until the new buildings can be completed either in late 1976 or early 1977.

GERRY YOUNG
... in Bowl game

Gerry Young Selected for Bowl Game

Gerry Young, Hamlin High School spring graduate, will play in the Greenbelt Bowl all-star football classic in Childress Friday, Aug. 8.

He will report to Childress at 2 p.m. Sunday.

A special event of the Greenbelt Bowl will be each player's selection of a queen nominee for the Queen of the Greenbelt Bowl. A beauty pageant will be held Thursday night, Aug. 7. Girls will also ride in a parade the day of the game.

Rita Casey will be the Hamlin queen nominee.

A picnic for players, nominees and families will be Thursday before the pageant.

Gerry is the son of Mr. and Mrs. Gerald Young. Rita's parents are Mr. and Mrs. David Casey.

Brazos West C.S.T.E. Group Seeks Coordinator

As will be noted in an ad appearing in this week's edition, Brazos West Development Corporation is seeking a coordinator for its Consented Services in Training and Education for the counties of Haskell, Knox, Jones, and Stonewall.

Applications will be taken for two weeks and any interested person is asked to

contact J. B. Tabor, Knox City, Texas, telephone 817-658-3241 between the hours of 8:00 a.m. and 5:00 p.m. Mondays through Fridays.

In a meeting last week, Tabor was chosen to serve as chairman of C.S.T.E. with Charles Stenholm of Stamford as vice chairman, and R. C. Couch Jr. of Haskell as secretary.

The group met last Thursday with officials from Austin and new guidelines and priorities were set up. Prospecting for new industry within the four-county area will begin and brochures for the four counties are in the planning stage. These will be given to chambers of commerce and city offices for their use in promoting the area, Tabor said.

Dinner Sunday

The Oak Grove Baptist Church will hold a dinner Sunday at 12 noon, sponsored by the Deacons Board. The dinner will be served buffet style in Fellowship Hall. Tickets will be \$2.50 for adults and \$1.25 for children.

Johnny Jones to Play With All-Stars Tonight

Johnny Jones, Hamlin's two-time All-State halfback, will be running from the fullback position tonight (Thursday) when the North takes on the South in the annual Coaches' All-Star football game at Amon Carter Stadium.

North Coach Morris Southall of Brownwood has moved Jones to fullback in his Wing-T formation and says he is more than just a little impressed with the Texas-bound youngster.

Putt Choate, who played fullback for the Coahoma Bulldogs, has been switched to tight end and defensive end.

Jones will carry a high school running average of 139 yards per game in tonight's contest with a career total of 5,849 yards in 42 high school games. During his four years playing for the Pipers, Jones scored 422 points and averaged 8.8 yards per carry.

Robert Fowler Elected Head Of Industrial Foundation

Robert Fowler was elected president of the Hamlin Industrial Foundation here Tuesday evening when the membership held an organizational meeting and elected nine directors.

The members of the Foundation adopted a set of by-laws for the non-profit corporation and elected directors for one, two and three year terms.

The newly elected directors met following the membership meeting and elected officers and appointed committees. Elected to serve with Fowler were John Watts, vice president; Sam Ferguson, treasurer; and Mrs. L. C. Bonds, secretary.

Fowler, Watts and Mrs. Bonds were named to the executive committee and Ferguson, Pat Willoughby and Bill Feagan were named to the finance committee.

Elected to one year terms as directors were Mrs. Fred B. Moore, Bob Craig and Watts. Those who will serve two year terms are Willoughby, Ray Sonnenburg and Ferguson and those serving

Pool to Close Here Saturday

Mrs. Ellis West, manager of the Hamlin Foundation Swimming Pool, announces that the pool will close for the season Saturday at the usual closing time.

The facility will be available for private parties next week, she said. Anyone who wants to book a party may call Mrs. West at the pool, 576-2700, or at her home, 576-3246.

Girls' All-Stars Win District, Lose to Haskell

The Hamlin Little League Girls' All Stars defeated Ballinger Friday night by the score of 10 to 7 to take the district title. The game was played in Hamlin despite the heavy rains earlier in the afternoon.

The All Stars traveled to Haskell Monday night to meet defeat at the hands of the Haskell All Stars in sectional play by the score of 15 to 11. Haskell advanced to play Fritch Tuesday night and the winner of that game will advance to division play. From there, the winners will go on to regional and then the World Series in New York.

three year terms are Fowler, Feagan and Mrs. Bonds.

The annual membership meeting of the Foundation will be held in April of each year and at this time three directors will be elected for three year terms.

The by-laws of the Foundation call for anyone contributing to the foundation to be members and those contributing \$25 or more to be voting members. The directorships are not limited to members of the foundation but may be anyone elected by the voting members.

Hamlin All-Stars To Play Tonight

The Hamlin Junior Teenage League All-Stars drew a bye in the Sweetwater play-off tournament that opened Wednesday.

The Hamlin players will meet the winners of the Sweetwater-Haskell game today (Thursday) at 5 p.m. at Sweetwater. The Sweetwater-Haskell game was scheduled Wednesday.

Winners in the regional tournament at Sweetwater will advance to state competition to be held in Big Spring.

Visitors in the home of Mrs. Eddie B. Hopper the past weekend were her son and family, Mr. and Mrs. Bobby Hopper and sons Bobby Ray, Allen and Layne of Midkiff. They have recently moved from Farmington, N. M., to Midkiff where he is employed by El Paso Natural Gas Co.

Mrs. Edwin Wiess, Mrs. Thelma Schovajsa, Miss Addie Parmer, all of Miles, and Mrs. R. E. Kidd attended the Fletcher Reunion at Rule Sunday.

Back in June we ran a Rental Housing Survey for the Hamlin Housing Authority requesting that those who would be interested in rental housing to fill out the forms and return them either to the Housing Authority or to the Herald office.

The response to the questionnaire was not too great.

But we suspect that most people thought that this was just another one of those low rent housing projects that they could not qualify for. This is not the case at all.

This survey was for anyone interested in renting a place to live, regardless of their income. This would not be a low-rent housing project as we think of our current projects. This kind is no longer available.

These units would have to pay their own way. A great many towns in the area are presently working on such projects. Munday has started work on theirs, Rotan has been approved and Stamford has made application.

The housing units would be operated by either the present Housing Authority or they would be operated by a non-profit corporation.

As most everyone is well aware, Hamlin has a critical shortage of rental units, both houses and apartment. This is probably the only way that this situation can be changed. It costs just too much for an individual to build property to rent.

We plan to re-run the survey this week and if you are at all interested in renting a nice apartment or a one-two or three bedroom home please take the time to fill out the questionnaire.

Most of those involved in this project feel that there is a need but before much can be done this need must be shown.

Johnny Jones, Hamlin's outstanding football player, will be lining up with the big boys tonight in Fort Worth as he will be playing for the north team in the Coaches' All-Star game. Johnny will be joining some of the finest high school football players in the state in that game.

But after watching Johnny for the past several years we are quite confident that he can hold his own with the best of them.

UNDER NEW LAW—

Uninsured Motorists Involved In Accidents May Be Suspended

AUSTIN — Uninsured motorists involved in traffic accidents resulting in death, personal injury or property damage in excess of \$250 may be subject to suspension of their driving privileges and vehicle registrations under a revision to the Texas Safety Responsibility Law.

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said the new law—which was enacted during the recent Legislative session—required DPS to evaluate traffic accidents (meeting the above criteria of seriousness) to determine if there is a "reasonable probability of judgment" against one or more of the drivers. If such a finding is made, and if the driver or owner has no liability insurance meeting the state's minimum requirement of \$10,000-\$20,000-\$5,000, then the DPS must require the uninsured motorist believed at fault to satisfy the security provisions of the law. This may be done in one of the following ways:

—By submitting a written release signed by the other damaged parties.

—By filing an installment agreement made with the other damaged parties involved.

—By depositing security in a sufficient amount to take care of damages sustained by others and maintain proof of financial responsibility for a period of five years from the date of the accident.

—By filing copies of civil damaged judgment obtained against other parties involved in the accident, or a judgment of non-liability.

When the security provisions of the law are not satisfied by the uninsured owners and operators, and the DPS determines there is "a reasonable probability of judgment" against such persons, the following provisions of the law become applicable:

—A written notice of future driver license and motor vehicle registration suspension must be forwarded to such persons by certified mail. Such a notice will advise that a hearing will be granted upon request.

—Upon receipt of a request for hearing, the DPS will notify the persons requesting same to appear before the traffic court judge in their precinct of residence, and it will become the responsibility of the traffic court judge to determine whether or not there is "a reasonable probability of judgment"

and, if so, the amount of security to be deposited with DPS by the uninsured persons.

—Any suspension invoked by the DPS in motor vehicle accident cases of this type will be stayed by a request for hearing until such time as the matter is finally resolved through administrative hearing or the courts.

Speir said the new law was enacted to enable Texas to comply with a U.S. Supreme Court decision. The decision had invalidated portions of the previous Texas Safety Responsibility Law because of a lack of "due process" provisions in the old law.

Speir said the new law was signed by the Governor on June 20, and uninsured motorists involved in accidents since June 21 can be affected by its provisions.

Philosopher Defies Those People Who Say America Has Lost Its Influence Abroad

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One comes to the defense of the United States this week, more or less.

Dear editor:

A lot of talk has been going on lately over the United States' standing in the world. Some people are saying that we've lost our influence, that other nations no longer respect us, that the world's regard for our vaunted power has dropped, that our voice in the councils of the world has no more authority than a Justice of the Peace trying to over-rule a decision by the Supreme Court, even if he might be right.

I don't know how much authority we have left, but I want to challenge the notion that we've lost our influence. Lots of foreign countries are still learning from us.

For example, lately it has

been revealed that government and political parties in other countries have been getting huge donations running into the millions and millions of dollars from American companies doing business over there.

Where do you think those countries got the idea? You know they looked at us, said Look here, if the Republican and Democratic parties in the U.S. can extract vast sums of money from big corporations, let's get in on that too.

And the big companies, wanting to avoid trouble buying bananas or oil or tin, etc., or wanting to sell more military hardware or chewing gum or sodawater or grain or whatnot overseas, said Sure, we'll donate a little something to your party, or both parties, or all three or four or five or however many you have, just so the winner stays on our side.

Who says other countries

aren't influenced by what we do in the U.S.?

Of course, I have a notion the big corporations wish those foreign countries would follow us a little closer and settle down to just two parties. Donating to four or five can run into big money.

Yours faithfully,
J.A.

Conservative Groups Hail Cong. Burleson

The American Conservative Union (ACU) has commended the voting record of 17th District Congressman Omar Burleson. Specifically, the ACU cited the Congressman's votes to "stem inflation by cutting excessive government spending, reduce the Federal bureaucracy, and

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520

"strengthen national defense."

Burleson received an 85 percent conservative rating on ACU's Interim Key Issues Index for the 94th Congress. The rating was based on 15 key votes taken in the House during the first six months of 1975. ACU further praised the Congressman as a leader in the efforts to organize House conservatives for greater effectiveness.

"At a time when concern for the fate and fundamental direction of the American political process is so great, the voting public deserves to know where their elected representatives stand, unequivocally and without hesitation," declared ACU Chairman M. Stanton Evans.

"Representative Burleson has forthrightly upheld the American traditions of limited government, fiscal integrity, and strong national defense. His voting record shows that he knows irresponsible Federal Spending is the real cause of inflation - and ultimately of recession as well."

Visiting in the home of Mr. and Mrs. A. W. Eldred and Angie this weekend was his brother, Bobby Eldred of Nocona.

Highway Patrol Seeking Academy Candidates

MIDLAND — Major E. K. Browning Jr., Regional Commander of the Texas Department of Public Safety's 49 County West Texas Region, announced today that an intensive effort is being made to recruit men and women for a school to begin at the Department's Academy in Austin, October 28, 1975.

Major Browning said the Department has been successful in recruiting persons from minority groups to the position of Patrolman. Efforts to recruit from these groups are continuing for this school.

All persons making application for the position of Patrolman must be between 20 and 35 years of age, weight proportionate to height, and visual acuity no worse than 20-40 correctable to 20-20. A person must be of good moral character, excellent physical condition and must have a minimum of 60 semester hours of college credit.

Persons selected as recruits will be assigned to Austin for an 18-week training school beginning October 28, 1975, at the Homer Garrison Jr. Law Enforcement Academy. Successful graduates will be assigned to either the Highway Patrol Service, License and Weight Service, Motor Vehicle Inspection Service, or the Driver License Service, according to the needs of the DPS and consideration of personal preference.

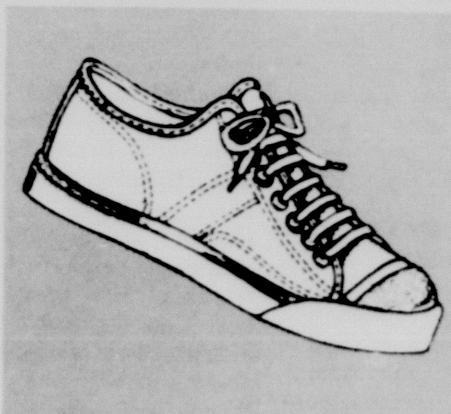

The salary during training will be \$768 per month. Room and board while at the Academy will be approximately \$60 per month.

When a person is commissioned as a Patrolman, his salary will increase to \$876 per month. Patrolmen also receive longevity pay after one year of service, a monthly uniform cleaning allowance and travel expenses when away from their home stations.

Adolescence: Time of Change

Adolescence is a time of many changes for young people. They're striving for independence and responsibility, according to Mrs. Nedy Wilburn, County Extension Agent.

Teenagers are trying to find their places in society, and parents can help them best by accepting them as unique individuals. This means being willing to acknowledge and respect the teenager's feelings and ideas, Mrs. Wilburn said this week.

She suggested that a family council is a good way to exchange ideas and decide on rules by which the family can live. In a family council, everyone can have a part in the decision making. It's important to find time to talk and really listen to what others are saying.

Throughout adolescence, teenagers do need some limits and supervision. Rules should be flexible enough to fit the situation and meet the needs of individuals involved. Through a family council, a teenager can help decide

which rules are fair and appropriate, the agent said. All family members need privacy—and this is especially true of teenagers. By allowing teens to have some privacy, parents show respect for their children. When parents pry too much into their teenagers' lives, their actions create resentment and a lack of trust. A feeling of respect between family members must be mutual, she reminded.

Teens also need opportunities to become self-directing. Parents can help their teenagers to think for themselves and act responsibly. Set a good example for the teenager and let him know what is expected of him. But keep expectations realistic and

don't expect perfection. Encourage the teenager to use his own initiative to find solutions to his problems. Acknowledge accomplishments openly but restrict criticism. Too much criticism, or name calling, causes resentment and self doubt, Mrs. Wilburn pointed out.

Ruth Class Meets Here

Mrs. R. Y. Cloud was hostess for the Tuesday afternoon meeting of Ruth Sunday School Class of Central Baptist Church. Mrs. W. J. Stewart gave the opening prayer.

The class voted to buy two new flags for the church, a Christian flag and a U. S. flag, as their special project.

Another Fine Texas Recipe

BEEF BLANQUETTE

1½ lb. boneless beef for stew, cut in 1-inch pieces
¼ c. flour
2 tsp. salt
1/8 tsp. pepper
3 T. lard or drippings
1 bay leaf
¼ tsp. nutmeg
12 small whole onions
½ c. water
1 package (16 ounces) fine noodles, cooked and well drained
3 T. melted butter or margarine
1 can (4½ ounces) whole mushrooms, drained
¼ c. sliced stuffed olives
1 c. dairy sour cream

Combine flour, salt and pepper. Dredge meat in seasoned flour. Brown in lard or drippings. Pour off drippings. Add bay leaf, nutmeg, onions and water. Cover tightly and cook slowly 2½ hours or until meat is tender. Combine noodles and melted butter or margarine. Pack in a greased 1½-quart ring mold. Place in a slow oven. (300°F.) 10 to 15 minutes. Discard bay leaf from beef mixture. Fold in mushrooms, olives and sour cream. Cook just until heated through. Unmold noodle ring. Garnish with parsley and fill center of ring with meat mixture. 6 servings.

For additional beef recipes, write the Texas Department of Agriculture, John C. White, Commissioner, P.O. Box 12847, Austin, Tex. 78711.

Often convenience foods are economical since there's no waste. Frozen peas can cost two-thirds less per serving than peas in the pod.

Size does make a difference in eggs. The U. S. Department of Agriculture says that if the price difference between sizes is less than 7 cents a dozen, you'll get more for your money with the larger size.

Weight isn't always what counts. A TV commercial claim that powdered bleach "A" was good for twice as many washes as bleach "B" and so cost 6.2 cents per wash compared with "B's" 9 cents per wash, was tested by a consumer-oriented newspaper editor. He found that "A" Snowy bleach, really does go twice as far as Clorox 2, "B."

FROM THE FILES . . .

FIFTY YEARS AGO
(July 24, 1925)

This week two of the several changes of locations that are to take place soon, were completed. The Wilson Motor Company has moved across the street into their handsome modern brick building, and in a few more days all furniture and fixtures will be permanently set and the display rooms and office will be perfect in arrangement. Their mechanical department will be strictly up to the latest in equipment. The corner building that was formerly occupied by the Wilson Motor Co., is now the new home of the W. J. Jackson Grocery Co., which made the second change of the week. Possibly within the next few weeks, several more moves will take place.

Commissioner J. L. Keen informs the Herald that the contracts for the grade and earth work and the concrete bridges and culverts for the highway from the east side of Jones County to Hamlin was let last Friday. The firm getting this was Thomas & Ratliff of Rodgers. Their bid was for a little less than \$90,000.00. This does not mean topping of the road, the foundation and proper drainage with concrete and bridge work is all this contract calls for. After all this work, plans and specifications for the hard surface will be made.

Chas. H. Strauss left Wednesday night for an extensive trip to the East. He went by way of St. Louis and Detroit and from there into New York. For several days he will be purchasing his fall and winter stock of merchandise. On Aug. 9 he will meet his sister, Miss Rosa Strauss, who comes over from Europe. It is likely to be Aug. 15 before Mr. Strauss returns.

Dr. McCrary and Rev. G. T. Palmer, both of Hamlin will begin a revival meeting at the Flat Top Tabernacle on Monday night after the fourth Sunday in July. Everyone is invited to attend.

TWENTY YEARS AGO
(July 22, 1955)

Crops in the Hamlin area were given some more good boosts during the past week with several showers that totaled 1.06 inches. Not only the moisture, but the accompanying cool weather, was of great benefit to the growing crops, especially the fee. The past week's rainfall brought the year's total to 14.21 inches, which is more than the 13-year average of 11 inches for this much of the year.

An All-star team made up of members of the four regular teams of the Pony Baseball League at Hamlin lost its first-round tilt in the Abilene sub-district tournament Wednesday night at Abilene. The Hamlin crew lost by a 9 to 2 score to the fast Abilene Yankees. A two-run homer in the first inning by catcher Jimmy Hill with second baseman Gene Murff on ahead of him, accounted for both of the Hamlin runs. Murff collected a single in the third and center fielder John Richey got a single in the fourth for the other two Hamlin runs. Right fielder Glen Roy Williams of Hamlin turned in two sparkling catches to lead the defense Wednesday night.

Two Hamlin Future Farmers of America and their sponsor were among the more than 5,000 farm youths from every section of Texas this week who converged upon Houston for the annual Texas Association of the FFA. Making the Houston trip were Joe Cowan and Virgil Wilson, FFA delegates and T. C. Blankinship, vocational agriculture instructor at Hamlin High School.

Bill Hancock, district engineer for the State Health Department, with headquarters in Lubbock, was in Hamlin last weekend to inspect the new swimming pool recently put into service. He praised the appearance of the pool, its facilities and declared that the water in the pool tested the purest he had run tests on.

TEN YEARS AGO

The Hamlin High School band has been chosen to represent this region at the TMEA Music Day during the State Fair of Texas in October. There will be a concert in the pavilion during the afternoon. The Hamlin band will be one of the 17 Texas bands to participate in the pageant in the Cotton Bowl.

The National Baseball Congress Tournament is now in session at the Hamlin Ball Park. There is a double header every night through Sunday and possibly Monday night. The winners of this tournament will go to Lubbock for the State play off. Teams participating in this tournament are Rotan.

Haskell, Knox City, Clyde, Tye, Abilene Oilers and the Hamlin Merchants.

Attending the Ordeal held for candidates of the Order of the Arrow at Camp Tonkawa Friday and Saturday were Gil Lain, Gary Smith, Chris Perrin, Scouts; Randy Morgan, Explorer Scout; and Lane Fletcher and Bob Craig, adult advisors. The candidates became members of OA in ceremonies Saturday evening. Other members attending from Hamlin were Mike Murphree, Mike Young, Tommy Oliver and Bill Johnson.

Leading cheers for the Hamlin Pipers this season will be Shelia Stone, head cheerleader; Pauline Womack, Helen Moore and Geneva Ward. The girls will receive cheerleading instruction at Texas Tech University in Lubbock, July 25 through July 31.

Pep Squad majorettes who will be attending twirling school on the campus of Southern Methodist University in Dallas are Sandra Fudge, Pat Pope (head majorette) and Linda Goodwin. The girls have been working on routines regularly this summer.

— Continued from page One

school people were on hand last Friday for the meeting held in Munday. The purpose of the meeting was to form an organization to represent rural schools and rural ad valorem property taxpayers in future sessions of the Texas legislature.

Those gathered apparently received a lot of information and a lot of advice, but the best advice came from House Speaker Bill Clayton when he told the group "don't just take a defense, have something to present and take a positive approach if you plan to get anything done."

This is sound advice. It does little good just to complain that your taxes are too high or even unfair if you do not offer a better solution to the problem. He also gave them some more good advice when he told them to "get in or out of politics."

Far too many groups like this get together only to complain and never offer solutions to the problems they are complaining about. In the first place it will not do a rural group much good to band together and go to Austin to fight the big city boys and their representatives — they have us out-numbered. Something better for the state as whole must come out of these types of organizations if they are to be successful.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will in evitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Early churches used steeples to make the building higher than all others in the city. People could see God's House from any direction, and could easily find their way to a place of worship. Today, with many office buildings towering into the sky, churches are not always the tallest buildings. However, churches still point the way to God, and provide a place of worship.

Sex Discrimination

WASHINGTON—New Regulations promulgated by the Department of Health, Education and Welfare (HEW) could mean the end of intercollegiate sports programs as we now know them.

HEW issued regulations last month to enforce the mandate of Title IX of the Education Act Amendments of 1972, which forbids discrimination by sex in our nation's schools, colleges and universities.

The sweeping regulations seek to insure that spending by schools for academic and athletic facilities for students and financial aid to students will be divided fairly between boys and girls, men and women.

Most of the regulations are long overdue. I was a co-sponsor of the bill that made them possible. I feel very strongly that women should be granted equal opportunity and access in academic facilities, including sports activities.

But HEW, in its laudable zeal to guarantee equal athletic opportunities for women, is defeating its own purpose by proposing a rule which will damage the financial base of intercollegiate athletics. This will work to the disadvantage of both men and women students, and to alumni and fans who enjoy watching intercollegiate sports.

I have introduced a bill which would exempt revenue producing sports such as football and basketball from the new federal regulations.

At most colleges and universities today intercollegiate athletics are funded in whole or in part by moneys raised through the sale of tickets or through general fundraising campaigns.

Grave concern has been expressed that the HEW regulations will undercut revenue producing sports programs by its insistence that every dollar that is spent for a sports program for men, such as the football team, be matched by a dollar for a comparable sports program for women.

My bill would exempt from the HEW mandate funds for sports such as football and basketball raised by ticket sales or donations from private individuals. Sports which are subsidized by the school would have to comply with the rules.

Passage of my bill would benefit both intercollegiate athletics and equal opportunity for women in sports.

The impairment of the financial base of the revenue-producing activity threatens not only the continued viability of that activity, but the viability of the entire athletic program. The prospect of such impairment becomes especially significant at the present time when there is such a substantial and justified demand for upgrading athletic opportunities for women.

We should continue to move to expand opportunities for women, but our commitment to equality of opportunity should not encompass massive disruptions of the educational institutions and the financial burdens these institutions will be forced to shoulder unless my bill becomes law.

The Kitchen Almanac

Bicentennial question: Why is the pie "round"? The shape dates back to early America with Colonial homemakers who made pies shallow and round trying to stretch dry ingredients — thus "cutting corners".

To protect a baked crust from getting too brown when heating a filling in it, put the pie—still in its pan—into a second pan. This will keep the crust from too much heat. . . . If you freeze gelatin, make it stiffer than usual to lessen the chance of separating.

Guides to choosing fresh fruit: (1) Buy in season when prices are reasonable. (2) Buy only what you need. Remember, fresh fruits are perishable. (3) Shop carefully. Don't buy damaged fruit—even if the price is low. (4) Buy quality. U.S. grades on some fresh fruit can be your guide to quality. Typical grades are U.S. Fancy and U.S. No. 1.

Baked Crab Salad—Combine 1 cup sliced Alaska King crab with ¾ cup diced celery, ½ cup coarsely chopped peanuts, 2 diced hard-cooked eggs, 1 teaspoon grated onion, ½ cup mayonnaise, 1 tablespoon lemon and ½ teaspoon seasoned salt. Place in 4 buttered ramekins and top with crushed potato chips. Bake at 400 degrees 12 to 15 minutes or until piping hot. Makes 4 servings.

The teakettle on the way out? Many homemakers are turning to the hot-water dispenser for piping hot water—up to 190 degrees—at the turn of a knob. The dispenser installs easily on the sink or adjoining counter top and is proving a real convenience boon. It's great for fixing warm weather drinks such as iced coffee, ice tea, etc.

Faster starts on cooking, fast-thawing frozen foods, making instant beverages, warming baby bottles—the dispenser, say home economists for KitchenAid appliances, can be used "when-ever steaming hot water is needed instantly". It'll save water, too.

If you are "french frying", don't overload the fry basket. When too much food is put into the basket at one time, the temperature of the fat drops excessively, cooking slows down and the vegetable absorbs more fat.

Try barbecued whole turkey for your next cookout. The big bird rotating on the backyard rotisserie is an attractive conversation piece that turns into a real taste treat for family and guests alike.

No Increase In County Tax Rate

Jones County Tax
Assessor-Collector Roy L.
Lane said this week he was
happy to announce that there
will be no increase in tax
rates for Jones County tax-
payers this year.

Lane reported the good
news to county taxpayers and
cited two reasons for the tax
rate remaining unchanged.
First, Lane said, the
primary reason was an in-
crease in oil valuation in the
county that amounted to a
little more than \$2 million.
This, he said, was the result
of increased production
through more exploration
and reentry into old wells.
The second reason for the
unchanged tax rate was that
new buildings and con-
struction was enough to more
than offset depreciation in the
county.

Thus, Lane added, the

second factor kept the county
tax structure stable and the
first factor gave a bonus. He
called the county's economy
"very stable."
County valuations last year
amounted to \$34,578,775 and
this year's valuations are
estimated to be \$36,600,000, or
an increase of \$2,021,225.
The county's tax rate is 80
cents per \$100 valuation,
while the state tax rate this
year is 12 cents, down 5 cents
per \$100 valuation from last
year.

READY FOR PHILMONT TRIP—Scouts of Troup 143 are checking their packs for the trip to Philmont Scout Ranch. Here, Dwain Miller, second from right, checks his pack as Scoutmaster Sammie Ferguson reads out the check list. Other Scouts making the trip are from left, Tim Hawkins, Britt Cary, Joe D. Smith, Harold Pruitt and Ricky Dockins. The group left here by bus Wednesday morning and will return Aug. 13.

Local Scouts Leave On Trip to Scout Ranch In New Mexico

Six local Scouts and Scoutmaster Sammie Ferguson left early Wednesday morning for a high-adventure trip to the mountains of Philmont Scout Ranch and Explorer Base in northeastern New Mexico.

The Scouts are Dwain Miller, son of Mr. and Mrs. Clarence Miller, Tim Hawkins, son of Mr. and Mrs. W. A. Hawkins, Britt Cary, son of Mr. and Mrs. James Josey, Harold Pruitt, son of Mr. and Mrs. George Pruitt, Joe D. Smith, son of Mr. and

Mrs. Skipper Smith and Ricky Dockins, son of Mr. and Mrs. Virgil Dockins.

The expedition, representing Chisholm Trail Council, Boy Scouts of America, will consist of 30 boys and three leaders from Abilene and the surrounding area. The Hamlin boys will be joined by two Abilene Scouts to make up the group under the leadership of Scoutmaster Ferguson.

The boys are traveling by bus. They were picked up here at 7:45 Wednesday

morning. Enroute to the 214-square mile ranch, the boys will visit Baldy Mountain.

Activities will include horseback riding, fishing, mountain climbing, ranger training, dutch oven cooking and an international camp fire.

When they arrive at the ranch the boys will meet their ranger who will lead and train them on the trails for the first three days of their wilderness trek. Each boy will have a pack weighing 35 pounds which includes his

food for the 65-mile trek.

On the Philmont trails the Scouts will participate in various programs offered in many mountain camps by more than 400 trained staff members. These include earth science, gold panning, rock climbing, archaeological study and digging and burro packing.

Arriving home Aug. 13 the boys will be counted among the 275,000 other Scouts who have met the rugged Philmont challenge.

FOR \$1,825,000 BUILDING PROGRAM—

Board Makes Plans for \$1,325,000 Bond Election

The Hamlin School Board, meeting in special session here Monday evening, gave tentative approval to a building program estimated to cost \$1,825,000 and is expected to call a bond election in September for \$1,325,000.

The building program would include a new middle school (junior high school) complete with a physical education plant and a vocational education facility, a 900-plus seat auditorium

which would include a new band hall to serve both the new middle school and the high school, air conditioning of the three older buildings (elementary, reading center and primary), converting the high school patio into a resource center, and a track field.

The new middle school would be located on the property now being used for the Little League Ballpark. This property is owned by the District. The auditorium would be located between the high school and the new school building to serve both units.

Tommie J. Huckabee with the Andrews based architectural firm of Rihard and Huckabee presented the board with plans for the new facilities and cost estimates at the meeting here Monday evening. His plans were based on the needs of the district as outlined by Andy Anderson of the Texas Education Agency, local school administrators, board members and teachers.

The need for the building program was brought about by the fire in March that destroyed the junior high building and the auditorium.

The district collected nearly \$500,000 in insurance which would be used to make up the difference between the project cost of \$1,825,000 and the \$1,325,000 in bonds to be voted on by the district's voters.

George B. Buescher, financial consultant for the district, told the board that it would take approximately 40 cents more per \$100 assessed valuation to service the new bonds.

The complete new middle school complex is estimated to cost about \$1,050,000, the auditorium and band hall is expected to cost about \$550,000, the air conditioning of the three existing buildings is expected to cost about \$100,000, the remodeling of the high school will run about \$50,000 and the new track facility would be about \$75,000.

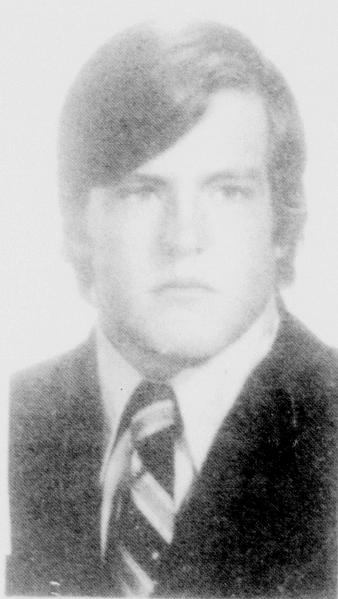

The present high school band hall would either be used for an additional classroom for the high school or for business offices.

The board moved the date of its next regular meeting from Aug. 11 to Aug. 18 and is expected to call the bond election at that time. The election is expected to be

called for Sept. 11. The board also changed the date for the budget hearing for the coming year to the Aug. 18 date.

All qualified voters residing within the school district will be eligible to vote in the expected bond election. Anyone not registered to vote has until Aug. 11 to register. Voters must register 30 days prior to an election to be eligible to vote.

At the present time school officials are making plans to house the sixth and seventh grade students in the Reading center and will put the eighth grade students in with the high school students. These crowded conditions are expected to continue until the new buildings can be completed either in late 1976 or early 1977.

GERRY YOUNG
... in Bowl game

Gerry Young Selected for Bowl Game

Gerry Young, Hamlin High School spring graduate, will play in the Greenbelt Bowl all-star football classic in Childress Friday, Aug. 8. He will report to Childress at 2 p.m. Sunday.

A special event of the Greenbelt Bowl will be each player's selection of a queen nominee for the Queen of the Greenbelt Bowl. A beauty pageant will be held Thursday night, Aug. 7. Girls will also ride in a parade the day of the game.

Rita Casey will be the Hamlin queen nominee.

A picnic for players, nominees and families will be Thursday before the pageant.

Gerry is the son of Mr. and Mrs. Gerald Young. Rita's parents are Mr. and Mrs. David Casey.

Brazos West C.S.T.E. Group Seeks Coordinator

As will be noted in an ad appearing in this week's edition, Brazos West Development Corporation is seeking a coordinator for its Consented Services in Training and Education for the counties of Haskell, Knox, Jones, and Stonewall.

Applications will be taken for two weeks and any interested person is asked to

contact J. B. Tabor, Knox City, Texas, telephone 817-658-3241 between the hours of 8:00 a.m. and 5:00 p.m. Mondays through Fridays.

In a meeting last week, Tabor was chosen to serve as chairman of C.S.T.E. with Charles Stenholm of Stamford as vice chairman, and R. C. Couch Jr. of Haskell as secretary.

The group met last Thursday with officials from Austin and new guidelines and priorities were set up. Prospecting for new industry within the four-county area will begin and brochures for the four counties are in the planning stage. These will be given to chambers of commerce and city offices for their use in promoting the area, Tabor said.

Dinner Sunday

The Oak Grove Baptist Church will hold a dinner Sunday at 12 noon, sponsored by the Deacons Board. The dinner will be served buffet style in Fellowship Hall. Tickets will be \$2.50 for adults and \$1.25 for children.

Johnny Jones to Play With All-Stars Tonight

Johnny Jones, Hamlin's two-time All-State halfback, will be running from the fullback position tonight (Thursday) when the North takes on the South in the annual Coaches' All-Star football game at Amon Carter Stadium.

North Coach Morris Southall of Brownwood has moved Jones to fullback in his Wing-T formation and says he is more than just a little impressed with the Texas-bound youngster.

Putt Choate, who played fullback for the Coahoma Bulldogs, has been switched to tight end and defensive end.

Jones will carry a high school running average of 139 yards per game in tonight's contest with a career total of 5,849 yards in 42 high school games. During his four years playing for the Pipers, Jones scored 422 points and averaged 8.8 yards per carry.

Robert Fowler Elected Head Of Industrial Foundation

Robert Fowler was elected president of the Hamlin Industrial Foundation here Tuesday evening when the membership held an organizational meeting and elected nine directors.

The members of the Foundation adopted a set of by-laws for the non-profit corporation and elected directors for one, two and three year terms.

The newly elected directors met following the membership meeting and elected officers and appointed committees. Elected to serve with Fowler were John Watts, vice president; Sam Ferguson, treasurer; and Mrs. L. C. Bonds, secretary.

Fowler, Watts and Mrs. Bonds were named to the executive committee and Ferguson, Pat Willoughby and Bill Feagan were named to the finance committee.

Elected to one year terms as directors were Mrs. Fred B. Moore, Bob Craig and Watts. Those who will serve two year terms are Willoughby, Ray Sonnenburg and Ferguson and those serving

three year terms are Fowler, Feagan and Mrs. Bonds.

The annual membership meeting of the Foundation will be held in April of each year and at this time three directors will be elected for three year terms.

The by-laws of the Foundation call for anyone contributing to the foundation to be members and those contributing \$25 or more to be voting members. The directorships are not limited to members of the foundation but may be anyone elected by the voting members.

Pool to Close Here Saturday

Mrs. Ellis West, manager of the Hamlin Foundation Swimming Pool, announces that the pool will close for the season Saturday at the usual closing time.

The facility will be available for private parties next week, she said. Anyone who wants to book a party may call Mrs. West at the pool, 576-2700, or at her home, 576-3246.

Girls' All-Stars Win District, Lose to Haskell

The Hamlin Little League Girls' All Stars defeated Ballinger Friday night by the score of 10 to 7 to take the district title. The game was played in Hamlin despite the heavy rains earlier in the afternoon.

The All Stars traveled to Haskell Monday night to meet defeat at the hands of the Haskell All Stars in sectional play by the score of 15 to 11. Haskell advanced to play Fritch Tuesday night and the winner of that game will advance to division play. From there, the winners will go on to regional and then the World Series in New York.

Mrs. Edwin Wiess, Mrs. Thelma Schovajsa, Miss Addie Parmer, all of Miles, and Mrs. R. E. Kidd attended the Fletcher Reunion at Rule Sunday.

CABLEGRAM FROM LONDON:

10:45 July 25

London concert great, overflow crowd, standing ovation, all o.k. Joe Ford and Joe Bellamah

Back in June we ran a Rental Housing Survey for the Hamlin Housing Authority requesting that those who would be interested in rental housing to fill out the forms and return them either to the Housing Authority or to the Herald office.

The response to the questionnaire was not too great.

But we suspect that most people thought that this was just another one of those low rent housing projects that they could not qualify for. This is not the case at all.

This survey was for anyone interested in renting a place to live, regardless of their income. This would not be a low-rent housing project as we think of our current projects. This kind is no longer available.

These units would have to pay their own way. A great many towns in the area are presently working on such projects. Munday has started work on theirs, Rotan has been approved and Stamford has made application.

The housing units would be operated by either the present Housing Authority or they would be operated by a non-profit corporation.

As most everyone is well aware, Hamlin has a critical shortage of rental units, both houses and apartment. This is probably the only way that this situation can be changed. It costs just too much for an individual to build property to rent.

We plan to re-run the survey this week and if you are at all interested in renting a nice apartment or a one-two or three bedroom home please take the time to fill out the questionnaire.

Most of those involved in this project feel that there is a need but before much can be done this need must be shown.

Johnny Jones, Hamlin's outstanding football player, will be lining up with the big boys tonight in Fort Worth as he will be playing for the north team in the Coaches' All-Star game. Johnny will be joining some of the finest high school football players in the state in that game.

But after watching Johnny for the past several years we are quite confident that he can hold his own with the best of them.

UNDER NEW LAW—

Uninsured Motorists Involved In Accidents May Be Suspended

AUSTIN — Uninsured motorists involved in traffic accidents resulting in death, personal injury or property damage in excess of \$250 may be subject to suspension of their driving privileges and vehicle registrations under a revision to the Texas Safety Responsibility Law.

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said the new law—which was enacted during the recent Legislative session—required DPS to evaluate traffic accidents (meeting the above criteria of seriousness) to determine if there is a "reasonable probability of judgment" against one or more of the drivers. If such a finding is made, and if the driver or owner has no liability insurance meeting the state's minimum requirement of \$10,000-\$20,000-\$5,000, then the DPS must require the uninsured motorist believed at fault to satisfy the security provisions of the law. This may be done in one of the following ways:

—By submitting a written release signed by the other damaged parties.

—By filing an installment agreement made with the other damaged parties involved.

—By depositing security in a sufficient amount to take care of damages sustained by others and maintain proof of financial responsibility for a period of five years from the date of the accident.

—By filing copies of civil damaged judgment obtained against other parties involved in the accident, or a judgment of non-liability.

When the security provisions of the law are not satisfied by the uninsured owners and operators, and the DPS determines there is "a reasonable probability of judgment" against such persons, the following provisions of the law become applicable:

—A written notice of future driver license and motor vehicle registration suspension must be forwarded to such persons by certified mail. Such a notice will advise that a hearing will be granted upon request.

—Upon receipt of a request for hearing, the DPS will notify the persons requesting same to appear before the traffic court judge in their precinct of residence, and it will become the responsibility of the traffic court judge to determine whether or not there is "a reasonable probability of judgement"

and, if so, the amount of security to be deposited with DPS by the uninsured persons.

—Any suspension invoked by the DPS in motor vehicle accident cases of this type will be stayed by a request for hearing until such time as the matter is finally resolved through administrative hearing or the courts.

Speir said the new law was enacted to enable Texas to comply with a U.S. Supreme Court decision. The decision had invalidated portions of the previous Texas Safety Responsibility Law because of a lack of "due process" provisions in the old law.

Speir said the new law was signed by the Governor on June 20, and uninsured motorists involved in accidents since June 21 can be affected by its provisions.

Philosopher Defies Those People Who Say America Has Lost Its Influence Abroad

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One comes to the defense of the United States this week, more or less.

Dear editor:

A lot of talk has been going on lately over the United States' standing in the world. Some people are saying that we've lost our influence, that other nations no longer respect us, that the world's regard for our vaunted power has dropped, that our voice in the councils of the world has no more authority than a Justice of the Peace trying to over-rule a decision by the Supreme Court, even if he might be right.

I don't know how much authority we have left, but I want to challenge the notion that we've lost our influence. Lots of foreign countries are still learning from us.

For example, lately it has

been revealed that government and political parties in other countries have been getting huge donations running into the millions and millions of dollars from American companies doing business over there.

Where do you think those countries got the idea? You know they looked at us, said Look here, if the Republican and Democratic parties in the U.S. can extract vast sums of money from big corporations, let's get in on that too.

And the big companies, wanting to avoid trouble buying bananas or oil or tin, etc., or wanting to sell more military hardware or chewing gum or sodawater or grain or whatnot overseas, said Sure, we'll donate a little something to your party, or both parties, or all three or four or five or however many you have, just so the winner stays on our side.

Who says other countries

aren't influenced by what we do in the U.S.?

Of course, I have a notion the big corporations wish those foreign countries would follow us a little closer and settle down to just two parties. Donating to four or five can run into big money.

Yours faithfully,
J.A.

Conservative Groups Hail Cong. Burleson

The American Conservative Union (ACU) has commended the voting record of 17th District Congressman Omar Burleson. Specifically, the ACU cited the Congressman's votes to "stem inflation by cutting excessive government spending, reduce the Federal bureaucracy, and

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520

strengthen national defense." Burleson received an 85 percent conservative rating on ACU's Interim Key Issues Index for the 94th Congress. The rating was based on 15 key votes taken in the House during the first six months of 1975. ACU further praised the Congressman as a leader in the efforts to organize House conservatives for greater effectiveness.

"At a time when concern for the fate and fundamental direction of the American political process is so great, the voting public deserves to know where their elected representatives stand, unequivocally and without hesitation," declared ACU Chairman M. Stanton Evans.

"Representative Burleson has forthrightly upheld the American traditions of limited government, fiscal integrity, and strong national defense. His voting record shows that he knows irresponsible Federal Spending is the real cause of inflation - and ultimately of recession as well."

Visiting in the home of Mr. and Mrs. A. W. Eldred and Angie this weekend was his brother, Bobby Eldred of Nocona.

Highway Patrol Seeking Academy Candidates

MIDLAND — Major E. K. Browning Jr., Regional Commander of the Texas Department of Public Safety's 49 County West Texas Region, announced today that an intensive effort is being made to recruit men and women for a school to begin at the Department's Academy in Austin, October 28, 1975.

Major Browning said the Department has been successful in recruiting persons from minority groups to the position of Patrolman. Efforts to recruit from these groups are continuing for this school.

All persons making application for the position of Patrolman must be between 20 and 35 years of age, weight proportionate to height, and visual acuity no worse than 20-40 correctable to 20-20. A person must be of good moral character, excellent physical condition and must have a minimum of 60 semester hours of college credit.

Persons selected as recruits will be assigned to Austin for an 18-week training school beginning October 28, 1975, at the Homer Garrison Jr. Law Enforcement Academy. Successful graduates will be assigned to either the Highway Patrol Service, License and Weight Service, Motor Vehicle Inspection Service, or the Driver License Service, according to the needs of the DPS and consideration of personal preference.

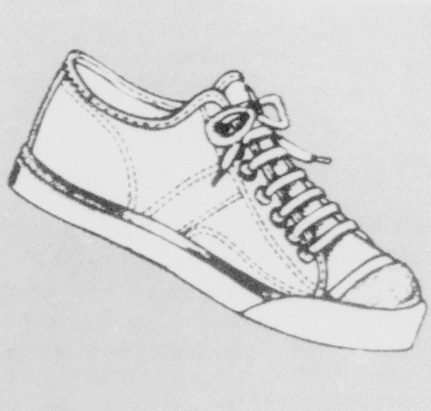

The salary during training will be \$768 per month. Room and board while at the Academy will be approximately \$60 per month.

When a person is commissioned as a Patrolman, his salary will increase to \$876 per month. Patrolmen also receive longevity pay after one year of service, a monthly uniform cleaning allowance and travel expenses when away from their home stations.

Mrs. Carter Attending Conference

Mrs. Joe Wayne Carter, homemaker teacher in the Hamlin High School, is participating in the annual State Inservice Conference for Homemaking Teachers at the Statler Hilton Hotel, Dallas, July 28-August 1.

Special workshops will be held for teachers of Adults, Home Economics Cooperative Education, Pre-employment Laboratory Programs, Coordinated Vocational-Academic Programs, and Home Economics for the Handicapped.

Exhibits of the latest equipment and teaching materials will be open to teachers Monday through Wednesday.

The Awards Banquet of the Vocational Homemaking Teachers Association Wednesday evening honored Senator Bill Moore of Bryan and Senator Don Adams of Jasper; the Outstanding Administrator and the Outstanding Vocational Director in the State. Also receiving awards for tenure were 83 teachers of vocational homemaking education representing 1,745 years of service to Texas school children.

Representative Sarah Weddington, Texas House of Representatives, will address the Annual Meeting of the Association Thursday afternoon on laws affecting women and families.

More than 2800 teachers are expected to attend the week-long meetings, said Mrs. Billye D. Freeland, president of VHTAT.

The annual New Hope Homemaking will be held at the New Hope Community Center, four miles south of Stamford, Saturday and Sunday. A supper will be served Saturday evening and a noon meal Sunday. Ronnie Stevenson of Ft. Worth, president, says "All of the folks who once lived in the New Hope area are invited."

Deadline for news for events that happen before or during the weekend is noon Monday.

½ c. water
1 package (16 ounces) fine noodles, cooked and well drained
3 T. melted butter or margarine
1 can (4½ ounces) whole mushrooms, drained
¼ c. sliced stuffed olives
1 c. dairy sour cream

Combine flour, salt and pepper. Dredge meat in seasoned flour. Brown in lard or drippings. Pour off drippings. Add bay leaf, nutmeg, onions and water. Cover tightly and cook slowly 2½ hours or until meat is tender. Combine noodles and melted butter or margarine. Pack in a greased 1½-quart ring mold. Place in a slow oven, (300°F.) 10 to 15 minutes. Discard bay leaf from beef mixture. Fold in mushrooms, olives and sour cream. Cook just until heated through. Unmold noodle ring. Garnish with parsley and fill center of ring with meat mixture. 6 servings.

For additional beef recipes, write the Texas Department of Agriculture, John C. White, Commissioner, P.O. Box 12847, Austin, Tex. 78711.

Often convenience foods are economical since there's no waste. Frozen peas can cost two-thirds less per serving than peas in the pod.

Size does make a difference in eggs. The U. S. Department of Agriculture says that if the price difference between sizes is less than 7 cents a dozen, you'll get more for your money with the larger size.

Weight isn't always what counts. A TV commercial claim that powdered bleach "A" was good for twice as many washes as bleach "B" and so cost 6.2 cents per wash compared with "B's" 9 cents per wash, was tested by a consumer-oriented newspaper editor. He found that "A" Snowy bleach, really does go twice as far as Clorox 2, "B."

FAMILY LIFE EDUCATION—

Adolescence: Time of Change

Adolescence is a time of many changes for young people. They're striving for independence and responsibility, according to Mrs. Nedy Wilburn, County Extension Agent.

Teenagers are trying to find their places in society, and parents can help them best by accepting them as unique individuals. This means being willing to acknowledge and respect the teenager's feelings and ideas, Mrs. Wilburn said this week.

She suggested that a family council is a good way to exchange ideas and decide on rules by which the family can live. In a family council, everyone can have a part in the decision making. It's important to find time to talk and really listen to what others are saying.

Throughout adolescence, teenagers do need some limits and supervision. Rules should be flexible enough to fit the situation and meet the needs of individuals involved. Through a family council, a teenager can help decide

which rules are fair and appropriate, the agent said.

All family members need privacy—and this is especially true of teenagers. By allowing teens to have some privacy, parents show respect for their children. When parents pry too much into their teenagers' lives, their actions create resentment and a lack of trust. A feeling of respect between family members must be mutual, she reminded.

Teens also need opportunities to become self-directing. Parents can help their teenagers to think for themselves and act responsibly. Set a good example for the teenager and let him know what is expected of him. But keep expectations realistic and

don't expect perfection.

Encourage the teenager to use his own initiative to find solutions to his problems. Acknowledge accomplishments openly but restrict criticism. Too much criticism, or name calling, causes resentment and self doubt, Mrs. Wilburn pointed out.

Ruth Class Meets Here

Mrs. R. Y. Cloud was hostess for the Tuesday afternoon meeting of Ruth Sunday School Class of Central Baptist Church. Mrs. W. J. Stewart gave the opening prayer.

The class voted to buy two new flags for the church, a Christian flag and a U. S. flag, as their special project.

Mrs. L. H. Clark presented the devotional. Mrs. Cloud conducted the Bible Quiz. Mrs. M. L. Haught gave the closing prayer.

Mr. and Mrs. Gary B. Smith of Tye are parents of a boy, Dane Allen, 4 lbs. 10½ oz., born July 28 at 10 a.m. The couple has another son, Eric B., 5. Grandparents are Mr. and Mrs. Fred Procopio of Germany and Mr. and Mrs. Beach R. Smith of Hamlin.

Mr. and Mrs. Jearl Houghton are parents of a son, Gregory Benton, 8 lbs. 8½ oz., born July 25 at 11:22 a.m. The couple has another child, Michael Shane, 3. Grandparents are Mr. and Mrs. A. V. Spalding and Mr. and Mrs. E. J. Houghton, all of Hamlin.

Mr. and Mrs. Herman Sharer attended funeral services in Corsicana Sunday for his uncle, Roy F. Sharrer, who died Saturday. They also stopped by Ft. Worth to visit Mrs. Sharer's sister, Mr. and Mrs. Donald Wright and family.

FROM THE FILES . . .

FIFTY YEARS AGO
(July 24, 1925)

This week two of the several changes of locations that are to take place soon, were completed. The Wilson Motor Company has moved across the street into their handsome modern brick building, and in a few more days all furniture and fixtures will be permanently set and the display rooms and office will be perfect in arrangement. Their mechanical department will be strictly up to the latest in equipment. The corner building that was formerly occupied by the Wilson Motor Co., is now the new home of the W. J. Jackson Grocery Co., which made the second change of the week. Possibly within the next few weeks, several more moves will take place.

Commissioner J. L. Keen informs the Herald that the contracts for the grade or earth work and the concrete bridges and culverts for the highway from the east side of Jones County to Hamlin was let last Friday. The firm getting this was Thomas & Ratliff of Rodgers. Their bid was for a little less than \$90,000.00. This does not mean topping of the road, the foundation and proper drainage with concrete and bridge work is all this contract calls for. After all this work, plans and specifications for the hard surface will be made.

Chas. H. Strauss left Wednesday night for an extensive trip to the East. He went by way of St. Louis and Detroit and from there into New York. For several days he will be purchasing his fall and winter stock of merchandise. On Aug. 9 he will meet his sister, Miss Rosa Strauss, who comes over from Europe. It is likely to be Aug. 15 before Mr. Strauss returns.

Dr. McCrary and Rev. G. T. Palmer, both of Hamlin will begin a revival meeting at the Flat Top Tabernacle on Monday night after the fourth Sunday in July. Everyone is invited to attend.

TWENTY YEARS AGO
(July 22, 1955)

Crops in the Hamlin area were given some more good boosts during the past week with several showers that totaled 1.08 inches. Not only the moisture, but the accompanying cool weather, was of great benefit to the growing crops, especially the fee. The past week's rainfall brought the year's total to 14.21 inches, which is more than the 13-year average of 11 inches for this much of the year.

An All-star team made up of members of the four regular teams of the Pony Baseball League at Hamlin lost its first-round tilt in the Abilene sub-district tournament Wednesday night at Abilene. The Hamlin crew lost by a 9 to 2 score to the fast Abilene Yankees. A two-run homer in the first inning by catcher Jimmy Hill with second baseman Gene Murff on ahead of him, accounted for both of the Hamlin runs. Murff collected a single in the third and center fielder John Richey got a single in the fourth for the other two Hamlin runs. Right fielder Glen Roy Williams of Hamlin turned in two sparkling catches to lead the defense Wednesday night.

Two Hamlin Future Farmers of America and their sponsor were among the more than 5,000 farm youths from every section of Texas this week who converged upon Houston for the annual Texas Association of the FFA. Making the Houston trip were Joe Cowan and Virgil Wilson, FFA delegates and T. C. Blankinship, vocational agriculture instructor at Hamlin High School.

Bill Hancock, district engineer for the State Health Department, with headquarters in Lubbock, was in Hamlin last weekend to inspect the new swimming pool recently put into service. He praised the appearance of the pool, its facilities and declared that the water in the pool tested the purest he had run tests on.

TEN YEARS AGO
(July 22, 1965)

The Hamlin High School band has been chosen to represent this region at the TMEA Music Day during the State Fair of Texas in October. There will be a concert in the pavilion during the afternoon. The Hamlin band will be one of the 17 Texas bands to participate in the pageant in the Cotton Bowl.

The National Baseball Congress Tournament is now in session at the Hamlin Ball Park. There is a double header every night through Sunday and possibly Monday night. The winners of this tournament will go to Lubbock for the State play off. Teams participating in this tournament are Rotan,

Haskell, Knox City, Clyde, Tye, Abilene Oilers and the Hamlin Merchants.

Attending the Ordeal held for candidates of the Order of the Arrow at Camp Tonkawa Friday and Saturday were Gil Lain, Gary Smith, Chris Perrin, Scouts; Randy Morgan, Explorer Scout; and Lane Fletcher and Bob Craig, adult advisors. The candidates became members of OA in ceremonies Saturday evening. Other members attending from Hamlin were Mike Murphree, Mike Young, Tommy Oliver and Bill Johnson.

Leading cheers for the Hamlin Pipers this season will be Shelia Stone, head cheerleader; Pauline Womack, Helen Moore and Geneva Ward. The girls will receive cheerleading instruction at Texas Tech University in Lubbock, July 25 through July 31.

Pep Squad majorettes who will be attending twirling school on the campus of Southern Methodist University in Dallas are Sandra Fudge, Pat Pope (head majorette) and Linda Goodwin. The girls have been working on routines regularly this summer.

school people were on hand last Friday for the meeting held in Munday. The purpose of the meeting was to form an organization to represent rural schools and rural ad valorem property taxpayers in future sessions of the Texas legislature.

Those gathered apparently received a lot of information and a lot of advice, but the best advice came from House Speaker Bill Clayton when he told the group "don't just take a defense, have something to present and take a positive approach if you plan to get anything done."

This is sound advice. It does little good just to complain that your taxes are too high or even unfair if you do not offer a better solution to the problem. He also gave them some more good advice when he told them to "get in or out of politics."

Far too many groups like this get together only to complain and never offer solutions to the problems they are complaining about. In the first place it will not do a rural group much good to band together and go to Austin to fight the big city boys and their representatives — they have us out-numbered. Something better for the state as whole must come out of these types of organizations if they are to be successful.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Early churches used steeples to make the building higher than all others in the city. People could see God's House from any direction, and could easily find their way to a place of worship. Today, with many office buildings towering into the sky, churches are not always the tallest buildings. However, churches still point the way to God, and provide a place of worship.

Sex Discrimination

WASHINGTON—New Regulations promulgated by the Department of Health, Education and Welfare (HEW) could mean the end of intercollegiate sports programs as we now know them.

HEW issued regulations last month to enforce the mandate of Title IX of the Education Act Amendments of 1972, which forbids discrimination by sex in our nation's schools, colleges and universities.

The sweeping regulations seek to insure that spending by schools for academic and athletic facilities for students and financial aid to students will be divided fairly between boys and girls, men and women.

Most of the regulations are long overdue. I was a co-sponsor of the bill that made them possible. I feel very strongly that women should be granted equal opportunity and access in academic facilities, including sports activities.

But HEW, in its laudable zeal to guarantee equal athletic opportunities for women, is defeating its own purpose by proposing a rule which will damage the financial base of intercollegiate athletics. This will work to the disadvantage of both men and women students, and to alumni and fans who enjoy watching intercollegiate sports.

I have introduced a bill which would exempt revenue producing sports such as football and basketball from the new federal regulations.

At most colleges and universities today intercollegiate athletics are funded in whole or in part by moneys raised through the sale of tickets or through general fundraising campaigns.

Grave concern has been expressed that the HEW regulations will undercut revenue producing sports programs by its insistence that every dollar that is spent for a sports program for men, such as the football team, be matched by a dollar for a comparable sports program for women.

My bill would exempt from the HEW mandate funds for sports such as football and basketball raised by ticket sales or donations from private individuals. Sports which are subsidized by the school would have to comply with the rules.

Passage of my bill would benefit both intercollegiate athletics and equal opportunity for women in sports.

The impairment of the financial base of the revenue-producing activity threatens not only the continued viability of that activity, but the viability of the entire athletic program. The prospect of such impairment becomes especially significant at the present time when there is such a substantial and justified demand for upgrading athletic opportunities for women.

We should continue to move to expand opportunities for women, but our commitment to equality of opportunity should not encompass massive disruptions of the educational institutions and the financial burdens these institutions will be forced to shoulder unless my bill becomes law.

The Kitchen Almanac

Bicentennial question: Why is the pie "round"? The shape dates back to early America with Colonial homemakers who made pies shallow and round trying to stretch dry ingredients — thus "cutting corners".

To protect a baked crust from getting too brown when heating a filling in it, put the pie—still in its pan—into a second pan. This will keep the crust from too much heat. . . . If you freeze gelatin, make it stiffer than usual to lessen the chance of separating.

Guides to choosing fresh fruit: (1) Buy in season when prices are reasonable. (2) Buy only what you need. Remember, fresh fruits are perishable. (3) Shop carefully. Don't buy damaged fruit—even if the price is low. (4) Buy quality. U.S. grades on some fresh fruit can be your guide to quality. Typical grades are U.S. Fancy and U.S. No. 1.

Baked Crab Salad—Combine 1 cup sliced Alaska King crab with ¾ cup diced celery, ½ cup coarsely chopped peanuts, 2 diced hard-cooked eggs, 1 teaspoon grated onion, ½ cup mayonnaise, 1 tablespoon lemon and ½ teaspoon seasoned salt. Place in 4 buttered ramekins and top with crushed potato chips. Bake at 400 degrees 12 to 15 minutes or until piping hot. Makes 4 servings.

The teakettle on the way out? Many homemakers are turning to the hot-water dispenser for piping hot water—up to 190 degrees—at the turn of a knob. The dispenser installs easily on the sink or adjoining counter top and is proving a real convenience boon. It's great for fixing warm weather drinks such as iced coffee, ice tea, etc.

Faster starts on cooking, fast-thawing frozen foods, making instant beverages, warming baby bottles—the dispenser, say home economists for KitchenAid appliances, can be used "when-ever steaming hot water is needed instantly". It'll save water, too.

If you are "french frying", don't overload the fry basket. When too much food is put into the basket at one time, the temperature of the fat drops excessively, cooking slows down and the vegetable absorbs more fat.

Try barbecued whole turkey for your next cookout. The big bird roasting on the backyard rotisserie is an attractive conversation piece that turns into a real taste treat for family and guests alike.

No Increase In County Tax Rate

Jones County Tax Assessor-Collector Roy L. Lane said this week he was happy to announce that there will be no increase in tax rates for Jones County taxpayers this year.

Lane reported the good news to county taxpayers and cited two reasons for the tax rate remaining unchanged. First, Lane said, the primary reason was an increase in oil valuation in the county that amounted to a little more than \$2 million. This, he said, was the result of increased production through more exploration and reentry into old wells.

The second reason for the unchanged tax rate was that new buildings and construction was enough to more than offset depreciation in the county.

Thus, Lane added, the

second factor kept the county tax structure stable and the first factor gave a bonus. He called the county's economy "very stable."

County valuations last year amounted to \$34,578,775 and this year's valuations are estimated to be \$36,600,000, or an increase of \$2,021,225.

The county's tax rate is 80 cents per \$100 valuation, while the state tax rate this year is 12 cents, down 5 cents per \$100 valuation from last year.

High School Registration Set Aug. 15

B. V. Newberry, high school principal, announced the registration schedule for the fall session of school which will begin here Monday, Aug. 18. All high school students who pre-enrolled last spring will report to the school on Friday, Aug. 15.

All new students who did not pre-enroll should report to the high school anytime from 9 a.m. to 3 p.m. on Monday, Aug. 11, or Tuesday, Aug. 12, to receive their schedule and other information.

Students who have pre-enrolled will pick up their schedules and books and be assigned lockers according to the following schedules, Newberry said.

Seniors: Friday, Aug. 15 between 9 and 10:30 a.m.; Juniors: Friday, Aug. 15, between 10:30 and 12; Sophomores: Friday, Aug. 15, between 1 and 2:30 p.m.; and Freshmen: Friday, Aug. 15 between 2:30 and 4 p.m.

All students are requested to bring a pencil or ink pen when they enroll.

Newberry announced the following fees which may be paid when the student enrolls: Typing: \$4.50 for the entire year, Workbooks: \$1.75 to \$4.50 depending upon the subject. Every student is required to purchase his workbook if it is required in the subject he or she is taking, Newberry said.

Students who will not be able to meet the announced schedule for their classification may either contact the school office, go by on Monday or Tuesday or wait until the first day of school.

Football Tickets To Go On Sale Here Aug. 18

Football tickets for the Hamlin Piper home games will go on sale Monday, Aug. 18, in the principal's office at the high school building, according to B. V. Newberry, principal.

All fans who have had tickets in the past will be able to purchase their same reserved seat tickets during the period Aug. 18 through Friday, Aug. 29.

Advance reserved seats for home will be \$1.50 each for a total of \$7.50 for the five home games.

Reserved seats sold at the gate will be \$2.00 per game, Newberry said. Student general admission for pre-game tickets will be 75 cents or \$1.00 if bought at the gate. Adult general admission will be \$2.00.

Newberry said, "If you will contact the school office we will be glad to hold your tickets for you to pick up at a later date. Call 576-3625 or 576-3624."

Admission prices for the 1975 football season are set by the District Executive Board and not by the local school board, Newberry added.

"May we suggest that you purchase your tickets early to save dollars and give the football team and coaches your full support," Newberry said.

Post Stampede Opens August 7

Post—The 35th annual Post Stampede Rodeo is scheduled for a three-night stand here August 7, 8, and 9 with Harrel Smith's Bucking S Rodeo of Lawton, Okla., producer.

DWIGHT GRIGGS

Dwight Griggs Joins Federal Land Bank

George P. Bloxham, president, Federal Land Bank of Berkeley, Berkeley, Calif., announces the appointment of Dwight S. Griggs of Hamlin as the bank's Director of Training.

Griggs, a graduate of Texas A & M University, College Station, will be responsible for the Land Bank's management development training program for new personnel which includes credit and appraisal training. He will also assist in personnel recruitment and other management training programs.

The Federal Land Bank of Berkeley makes long term farm and ranch loans in Arizona, California, Hawaii, Nevada and Utah.

Prior to joining the Berkeley Land Bank, Griggs served as manager of the Federal Land Bank Association of Perryton in Perryton, and most recently was vice president of the Wheatheart Cattle Co. in Perryton.

Griggs and his wife reside in Walnut Creek, Calif.

He is a Hamlin High School graduate and son of Mr. and Mrs. C. Weldon Griggs.

CAPITAL HIGHLIGHTS—

Court Lifts Malpractice Rate Freeze

AUSTIN — Inflation closed in on Texans from two more fronts within the last week.

A court order lifting a 90-day medical malpractice insurance rate freeze (see story below) may boost medical bills \$50 million to \$200 million a year, according to Texas Hospital Association.

One medical official estimated hospital costs will increase \$2 to \$8 a day due to the increasing insurance charges for doctors and hospitals which are passed on to patients.

Meanwhile, Texas Department of Highways and Public Transportation launched a 90-day study to determine how it can trim payrolls and services in the face of rising costs.

The Department already has announced its scheduled August letting of contracts for road repair and reconstruction would not be held. It also has practiced a reduced hiring policy in an effort to hold down numbers of employees.

Engineer-Director Luther DeBerry of the Department of Highways and Public Transportation said there is no way of knowing how many jobs will be knocked out due to the study.

He indicated the reduction may be as much as 20 per cent over a two-year period, however.

"WATCHDOG" JOB MAPPED

"Common Cause," the citizens' lobby, and a coalition of other consumer-oriented groups will monitor work of the new Public Utilities Commission.

The group warned that utility monopolies will try to "capture" the regulatory group. A non-profit, tax-exempt organization will be formed to protect consumer interests in rate and service disputes.

At about the same time, the Texas Coalition for Utility Regulation urged Governor Dolph Briscoe to make public names of persons he is considering for appointment to the Commission. Briscoe's appointments assistant, George Lowrance, said the governor has no intention of doing so.

CIA FUNDED RESEARCH
The Central Intelligence Agency funded \$436,702 worth

of research in six projects at the Texas Research Institute for Mental Sciences at Houston.

Projects were criticized by Rep. Lane Denton of Waco who claimed studies were "only remotely related" to the state institution's job of research in treatment of mental illness.

Most of the funds apparently went to efforts to improve the polygraph or lie detector. The scientist in charge of the project said polygraphs are used widely in evaluation of mental illness.

COURTS SPEAK
An Austin district judge blocked State Board of Insurance plans to freeze medical malpractice insurance rates at the June 3 level, leaving them unregulated until September.

Fourth Court of Civil Appeals declined to reinstate ousted Duval County Judge Archer Parr. Parr is appealing to the Supreme Court.

The State Supreme Court agreed to reconsider lower court decisions that rules requiring unmarried undergraduate women students at Texas Woman's University to reside in dormitories are unconstitutional.

Former All-American football player John Kimbrough succeeded in getting a Supreme Court order to try his \$1 million lawsuit growing out of use of his picture in a Coca-Cola ad.

The Supreme Court agreed to review lower court findings that uncorroborated testimony of an accomplice is

sufficient to judge an Ector County youth a delinquent.

Right of a state agency to stop savings and loan associations from giving premiums to attract deposits was upheld by the Supreme Court. The finding backed up trial and intermediate courts.

AG OPINIONS

A school board is not required to reveal identity of employees discussed and evaluated in a properly closed meeting, Attorney General John Hill held.

In other recent opinions, Hill concluded:

Persons committing crimes while under 17 years of age are within exclusive jurisdiction of juvenile court.

Individual teacher retirement records are not subject to disclosure under the open meetings law.

INSURANCE BOOST

A 13.8 per cent average hike in homeowners insurance coverage will be the subject of a State Insurance

Board hearing August 4.

The industry is also seeking an increase of 4.7 per cent in fire coverage for dwellings.

Texas Insurance Advisory Association is further seeking elimination of 10 per cent discounts on three-year fire and extended coverage policies.

SHORT SNORTS

Governor Briscoe approved 77 action grants and 25 planning grants totaling \$5.9 million to reduce crime and improve the criminal justice system.

Senator Tati Santiesteban of El Paso served as acting governor of the state part of last week, due to absence of both Governor Briscoe and Lieutenant Governor Bill Hobby.

Comptroller Bob Bullock continued shutting down businesses in Fort Worth, Hurst, Irving, Dallas, Mineral Wells and Killeen for failure to pay back state and city sales taxes.

Texas Water Rights Commission approved a

proposed Corps of Engineers plan to control natural salt pollution in the Brazos River Basin, but disagreed over financing it.

The State Treasury Department as of June was earning interest on \$1.16 billion in time deposits at annual rates of more than \$81.4 million a year.

State spending soared to an all time high of \$962.1 million during May.

HEIDENHEIMER'S

If you're from Texas, boast about the little things too.

Everyone knows that things in Texas are "bigger and better" than anywhere else. But has anyone ever heard a Texan boast about something *smaller*? We mean natural gas rates.

Right now in Lone Star's service area, our customers are paying one of the lowest general service rates for natural gas anywhere. And in these inflationary times, that's something to boast about.

Of course we're lucky to be living in the Southwest, where the majority of natural gas reserves are located. And that's one of the reasons for our dependable service and adequate supplies. So you wonder, "If natural gas is so accessible to us, why are gas rates going up?"

It's simply costing much more to obtain natural gas these days. Higher prices for deeper drilling. Higher prices for the transportation of gas. And stiffer competition for new supplies.

Natural gas is a premium fuel, but it hasn't always been priced at its real value. Lower prices in the past are one of the reasons that demand for natural gas has exceeded available supplies. Some years ago it became unprofitable to drill for natural gas, so many producers were forced to reduce their investments in exploration. But now that natural gas is almost priced competitively with other energy sources, exploration has begun to increase.

In order to assure our customers of an adequate supply to meet their needs, higher natural gas rates are inevitable. It's simply going to cost more than it has in the past. But it's worth it, because natural gas is one of the most efficient, non-polluting fuels available. And that's one of the *big* things in Texas we like to boast about.
